## Company Profile

---

**GFRC Innovation** (A Brand of RJ Interiors & Constructions) was founded in **July 2017** by **Mr. Sandil Kumar** with a clear and ambitious vision: to revolutionize the construction and architectural landscape of India. What started as a passionate startup has today matured into a premier **Manufacturer, Supplier, and Exporter** of high-performance Glassfibre Reinforced Concrete (GRC/GFRC) and Fiber Reinforced Polymer (FRP) products.

Headquartered in Bengaluru, our operations are powered by a dedicated team of **60 to 80 skilled professionals**, including expert craftsmen, engineers, and designers. From our advanced manufacturing facility located at *No. 162/1, Sy No 21, BBMP Ward No:05, Venkateshwar Nagar, Sampigehalli Main Road Post, Jakkur, Bengaluru, Karnataka 560064*, we combine state-of-the-art technology with rigorous quality control to deliver precise, durable, and structurally superior architectural elements. We have built a reputation for excellence, delivering high-quality solutions for residential, commercial, and industrial sectors.

### **Pan-India Reach & Delivery**

While our heart is in Bengaluru, our reach is nationwide. We provide seamless delivery and supply chains across major southern hubs, including **Chennai, Goa, and Andhra Pradesh**. We specialize in managing large-scale logistics to ensure our GRC and FRP products arrive at your site in perfect condition, no matter the distance. Specifically within the regions surrounding Bengaluru, we offer rapid delivery and on-ground support to key industrial and urban centers such as:

### **Our Manufacturing & Product Portfolio**

Our extensive product lineup is crafted entirely in-house to guarantee ultimate precision, strength, and a flawless finish:

**Partner with India's Leading GRC Experts**

*Ready to bring your architectural vision to life? Whether you need standardized architectural features or bespoke, intricately designed elements, GFRC Innovation is equipped to handle your specific requirements.*

***Contact us today*** *to discuss your project needs and get high-quality, fully customized GRC solutions delivered right to your site!*

## Company Summary

---

GFRC Innovation is a forward-thinking brand by RJ Interiors & Constructions, a Bangalore-based leader in the construction and manufacturing industry. Originally started as a small startup with a vision to revolutionize architecture, the brand has grown into a major manufacturer of Glassfibre Reinforced Concrete (GRC/GFRC) and Fiber Reinforced Polymer (FRP) products across India. By utilizing advanced in-house manufacturing facilities, GFRC Innovation focuses on precision, efficiency, and premium craftsmanship. They specialize in translating unique client visions into durable, long-lasting architectural marvels—ranging from intricate jalis, elegant domes, and decorative facades to robust FRP tanks for residential, commercial, and industrial projects.

GFRC Innovation offers a comprehensive and premium range of Glassfibre Reinforced Concrete (GRC) products designed to elevate modern architecture. Their manufacturing expertise covers massive structural and architectural features such as robust GRC Columns, Pillars, Capitals, and Domes, which bring a majestic, classical feel to any building. For exterior and interior detailing, they produce elegant GRC Cornices, Brackets, Arches, and Decorative Elements that add depth and sophistication to facades. They also specialize in functional and aesthetic building elements like GRC Railings, Balusters, and Fins, ensuring that safety and modern design go hand in hand.

Beyond structural details, the brand excels in creating intricate, custom artistic pieces that define the character of a space. This includes beautifully crafted GRC Screens and Jalis that perfect light and ventilation, as well as detailed GRC Sculptures for artistic focal points. To bring life to outdoor environments, they manufacture durable GRC Landscape elements and Planters, offering complete solutions for residential, commercial, and industrial projects across India. Every single piece is crafted in their advanced, state-of-the-art in-house facilities to guarantee ultimate precision, strength, and flawless finish.
